Event Regulations – the Hackathon

1. To enrol in the event you need to submit your application through the relevant Microsoft Teams form between 27.01 – 09.03.2023.
2. As there's a limitation on the number of participants, the first 20 applicants meeting the event entrance criteria will be accepted. We reserve the right to inform on the ouctome of the registration process.
3. Applications are open for all the final year students from business / IT related fields of studies. To be considered, you need to be able to communicate in English and ready to attend the team sessions according to the agenda.
4. Teams are mandatory for the hackathon, with a minimum of 4 people, and a maximum of 8 people per team. Included in this number is a Scrum Master to facilitate and remove impediments you face along the way and a Product Owner who will represent the team in the diverse forums and presentations. As part of the inclusive approach, you do not need to have experience with IT. Everyone can participate either in ideation or 2-day hackathon or both - all throughout the journey.
5. Having enrolled in the event all the participants will receive all the necessary guidance and materials enabling to take active part in the Hackathon.
6. The Intellectual Property created during this hackathon will remain the property of Euroclear.
